

Step 1: Pre-Clearance

This service is for vehicle access to the Toronto Islands by way of the airport ferry and airside escort across the runway. This booking will not entitle you to complimentary parking on the Island.

All vehicles require an advanced permit to transport from the City of Toronto Parks, Forestry and Recreation Department and they can be contacted at (416) 392-8194.

By using this service, you confirm that you have no alternative means of accessing the Toronto Islands with your vehicle due to vehicle weight (>20 tonnes) or other restrictions.

Before completing your booking, any oversized vehicles (>2.6m wide, >4.2m high and/or >23m long) or vehicles over 45 tonnes must make special arrangements with the Airport Operations Communications Center at (416) 203-6942 x10.

Any questions regarding these conditions of transport or fees can be directed to the Director, Groundside Services at (416) 203-6942 x48 or (416) 317-9684.

If you agree with all the above, please proceed to the reservation website with your runway crossing access code

booking.stolport.com

If you need any assistance with making or adjusting your reservation, contact the Operations & Customer Support Specialist at (416) 203-1144 x507 or parking@stolport.com between the hours of 0800-1700, Monday - Friday.
